

A world of upward mobility and downward freedom. Always at your call. Awaiting your every command. All at the touch of a button.

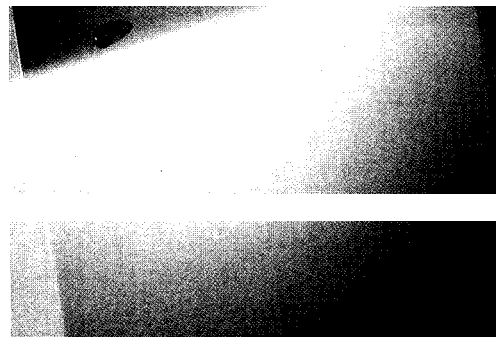

We call it room **service**.

The ability to move easily between the levels of your home in style and grace. The freedom to perform your daily routine with ease. To live an active and independent lifestyle. For more than 50 years,

people have benefited from the convenience and dependability delivered by the Stair-Glide stairway lift.

A state-of-the-art stairway lift that combines elegant design with superior craftsmanship. Stair-Glide blends seamlessly with your decor and stands compactly ready. At your service.

You'll ride in comfort and assurance.

Stair-Glide grants you access to every floor, every room. Any time.

Stair-Glide offers you **room service**.

**Stairway Lift**

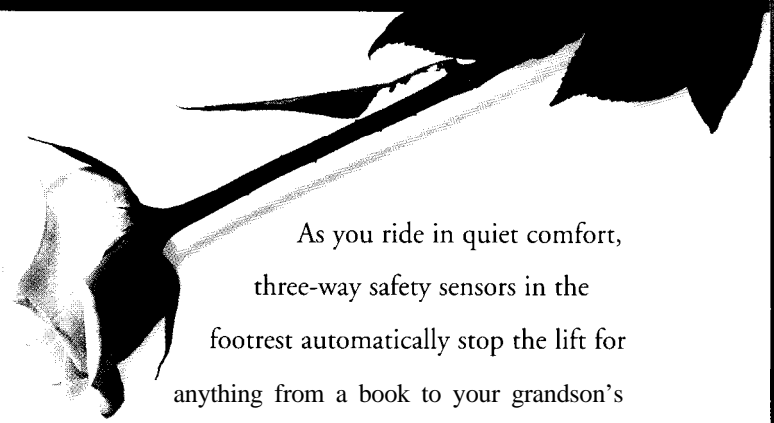

## **We're here to serve**

Quality is a job done well. That's why each Stair-Glide is custom crafted with unsurpassed workmanship and precision. Our professional craftsmen ensure that your stairway lift provides a steady and secure ride every time. You'll appreciate their work in the grace of smooth starts and stops. Their attention to detail ensures the Stair-Glide's reliable performance and trouble-free operation. Only the finest materials and a dedication to excellence were used to produce your Stair-Glide. Because you deserve the very best.

## **Enjoy the comfort**

Stair-Glide promises to deliver you a comfortable and secure ride. We designed the seat to be as familiar as your favorite chair and easy to get out of. When you reach the landing, the seat swivels 90° to move you away from the stairs. Your Stair-Glide seat locks in place so you can confidently stand and go about your day.

As you ride in quiet comfort, three-way safety sensors in the footrest automatically stop the lift for anything from a book to your grandson's

football, or any stair obstruction found in your busy household. And you'll appreciate the fact that the seat and footrest fold up easily and compactly when not in use. This feature gives everyone in your home plenty of room to comfortably travel the stairs.

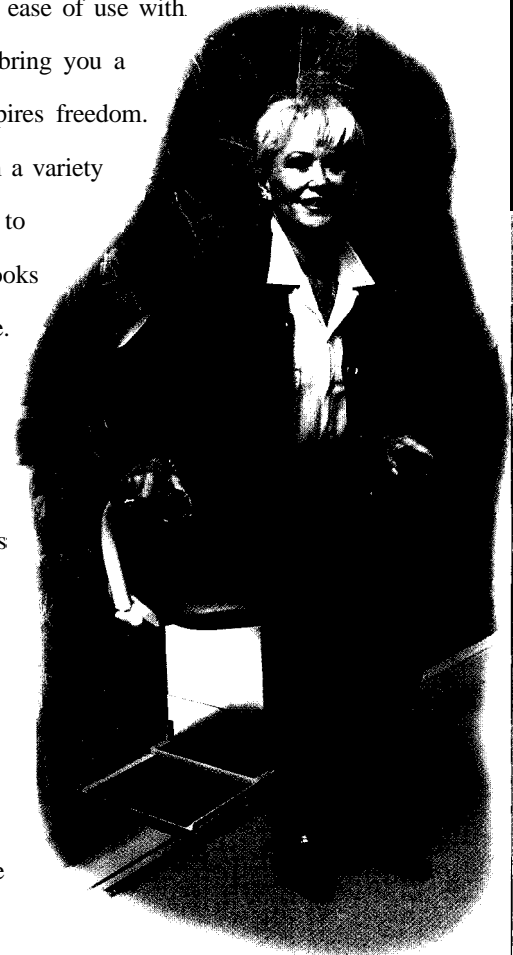

## **Style and service at your command**

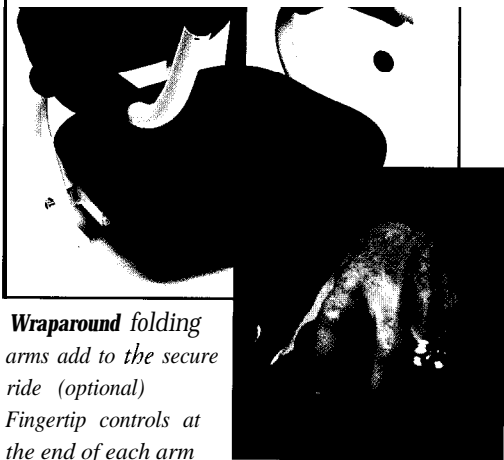

Stair-Glide combines ease of use with luxurious design, to bring you a stairway lift that inspires freedom.

You can choose from a variety of colors and fabrics to design a chair that looks perfect in your home.

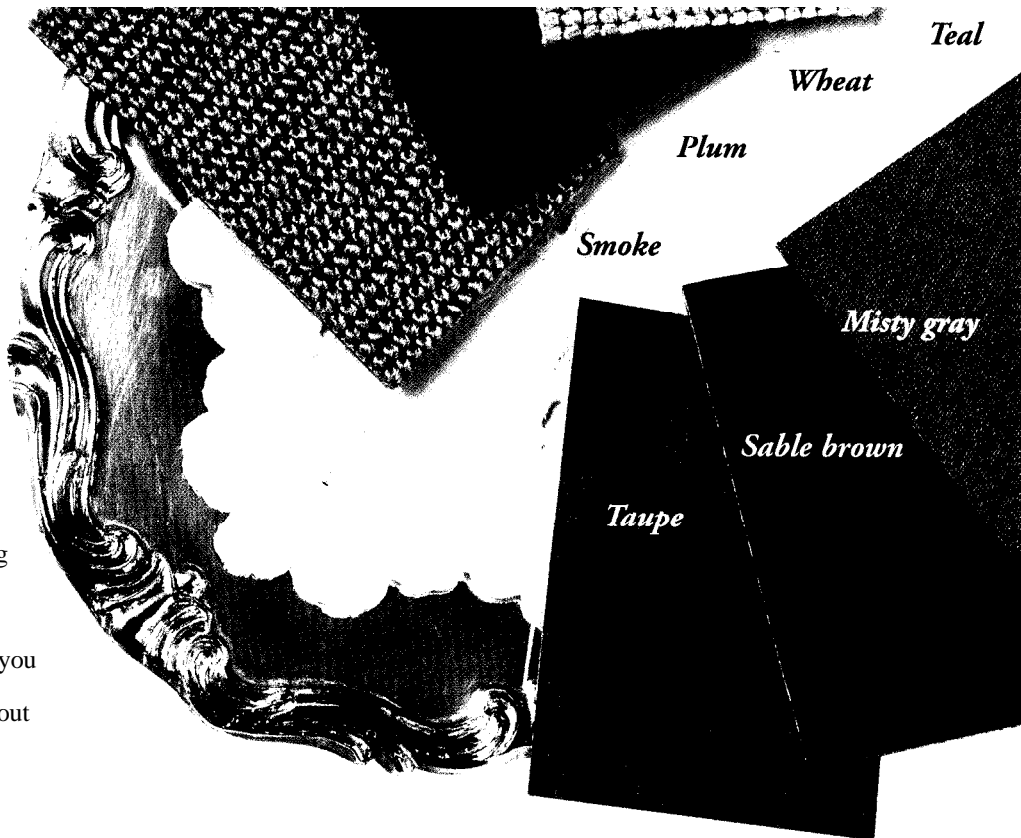

Or outfit your Stair-Glide with custom upholstery to match your drapes or other furniture.

The controls are ideally placed at the end of each arm to let you operate your chair with the simple touch of a button.

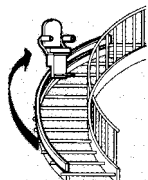

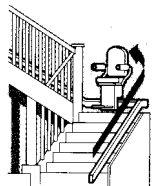

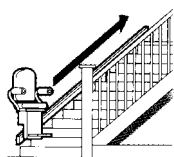

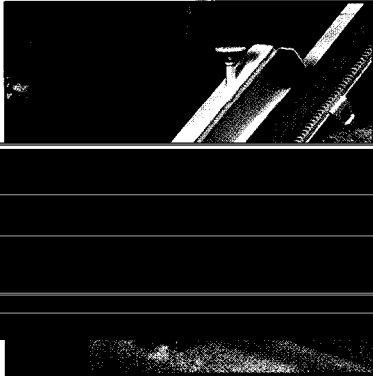

**Wraparound** folding arms add to the secure ride (optional)  
 Fingertip controls at the end of each arm

Standard Call/Send buttons at each landing mean your Stair-Glide is always at your service; while an optional key switch gives you the ability to lock the system while you're out

Manual or power folding rail provides optimum room for household traffic at the lower landing. *(optional)*

## *Stairway Lift*

Three-point safety sensor automatically stops the lift in case of an obstruction.

Hand-held pendant control offers additional flexibility in operating your Stair-Glide.

Wraparound folding arms are available with upholstered hand rests. *(optional)*
